PASTA

All of our pasta dishes are made to order to ensure the best flavor and freshness. We do stock gluten-free pasta, so please let your server know if you have a gluten allergy or sensitivity so we can prepare your dish accordingly.

Our white sauces are traditionally made with a roux (flour and butter). We're happy to prepare a gluten-free version upon request, though please note that the sauce will have a slightly thinner consistency.

Please note that our lasagne, cannelloni, tortellini, and ravioli cannot be made gluten-free, but all other pasta dishes can be customised to suit your needs.

FISH, POULTRY & MEAT

None of our fish, meat, or poultry is breaded, making them suitable for guests with gluten intolerances.

Some of our sauces are made with a roux (flour and butter) base, so please let your server know about any gluten allergies so we can prepare a gluten-free version upon request.

All fish, meat, and poultry dishes are served with your choice of chips, baked potato, side salad, or pasta.

- Our baked potatoes, side salads, and pasta can all be prepared to suit your dietary needs.
- Please note that chips are subject to cross-contamination as they are cooked in a shared fryer.

The bed of mashed potato served with many of our dishes is also gluten-free.
